

BELGIAN SOCIETY FOR MICROBIOLOGY  
SOCIÉTÉ BELGE DE MICROBIOLOGIE  
BELGISCHE VERENIGING VOOR  
MICROBIOLOGIE

---

The National Committee for Microbiology, as part of the Royal Academies for Science and the Arts of Belgium, further supported by BSM and BIOSCENTER, invite you to participate to the symposium on:

## ***Interfacing Systems Biology and Synthetic Biology***

**Thursday March 25<sup>th</sup>, 2010**

“Paleis der Academiën/Palais des Academies”, Hertogstraat 1, 1000 Brussels

### **Program**

- 09.30 Registration desk open
- 10.00 Welcome and opening
- 10.15 **Prof. Stephen Busby**, School of Biosciences, University of Birmingham, UK  
*Bacterial promoter architectures and regulatory outcomes*
- 11.15 **Prof. Oscar Kuipers**, Groningen Biomolecular Sciences and Biotechnology Institute, The Netherlands  
*Synthetic biology for novel lantibiotics*
- 12.15 Lunch in the Forum
- 13.30 **Prof. Antoine Danchin**, CEA Genoscope, France  
*Maxwell's demon's genes: constraints for the building up of a cell factory*
- 14.30 **Prof. Victor de Lorenzo**, CSIC, Madrid, Spain  
*Refactoring and reprogramming bacteria for environmental release*
- 15.30 Closing

---

Meeting secretariat: Rega Institute, c/o Mrs. Cathy De Meyer
